FUSION PROJECTS
#220 – 200 Granville Street
Vancouver, BC
V6C 1S4

To Whom It May Concern:

I am writing this letter to thank the staff and management at Fusion Projects for the wonderful job in their role as General Contractor for our recent office renovation project in the Bentall Four Centre. The initial interaction with Mr. Jeff Ross as Business Development Manager was most helpful in understanding the build-up of the project budget and the role that each party would be assuming in the renovation. Once the project budget was finalized and Fusion Projects was selected as the General Contractor, we were then teamed with Ms. Jakica Laus (Project Manager) and Mr. Demetri Thomopoulos (Site Supervisor). Both Jakica and Demetri exhibited tremendous professionalism and a “it can be done” attitude in dealing with the many decisions to be made during the project. They truly had their client’s interest in the forefront and ensured that issues which required the client’s input were brought to our attention in a timely manner. Their attention to detail ensured the project was completed on time and within budget – much to the satisfaction of our senior management.

I would not hesitate to use Fusion Projects again on a future office renovation project, and would recommend the use of Fusion Projects to other organizations that need to ensure an office renovation project is conducted by a firm with its best interest at heart.

Yours truly,
SILVER STANDARD RESOURCES INC.

Barry Baker
Office Renovation Project Manager
